AMENDMENT

Sir:

This is in response to the first Office Action.

IN THE CLAIMS:

Claims 14 to 24, line 1 of each claim, change "1" to --13--.

Claim 13 (amended). A videophone interactive mailbox facility system including a central data center for processing of information to conduct a transaction, comprising:

a) a user station having a videophone for viewing transaction information sent or received to conduct a transaction; and means for inputting said transaction information into said videophone; said videophone including a memory chip for storing said transaction information and an interface chip for interfacing with said central data center;

I hereby certify that this correspondence is being deposited with the United States Postal Service as first class mail in an envelope addressed to: Commissioner of Patents and Trademarks, Washington, D.C. 20231 on
